## CANDLE

### 1. CANDLE

#### 1.1

CANDLE is a multinational, multi-centre, observational study of children with rheumatoid arthritis (RA) and juvenile idiopathic arthritis (JIA) in Europe. The study aims to describe the clinical course and outcomes of these diseases in children across different countries and healthcare systems. The study is led by the PRINTO network and involves several European countries.

#### 1.2

CANDLE involves 60 participating centres across Europe.

#### 1.3

Approximately 25% of the study population are from non-European countries.

#### 1.4

#### 1.5

#### 1.6

Approximately 2-6% of the study population are from non-European countries.
